Luxury improvements by a renowned Charleston interior designer give it the feel of an elegant, custom-built home. An abundance of windows invites natural light to flood the space, creating a bright, airy atmosphere that perfectly complements the breathtaking river views. The open floor plan provides plenty of room for entertaining, featuring an eat-in kitchen, a formal living room, and a charming sunroom/bar area. Custom cabinetry displays serveware and glassware, while a gas range with hood, high-end appliances, and ample windows enhance the kitchen's spacious and functional design. The dining area, located just off the kitchen, features a stunning chandelier and promotes an open layout ideal for hosting guests. The sunroom includes a fully equipped wet bar with a concealed drink fridge, a sink, custom cabinetry, a screened-in porch with dining space, and a gas grill, all while offering breathtaking water views. The formal living room, anchored by a limestone gas fireplace, also provides river views. On the main floor, you will find a bedroom featuring an ensuite bathroom, a powder room, and a concealed elevator shaft currently utilized as a custom closet for extra kitchen storage. The stairwell that ascends to the primary suite features walls lined with grasscloth wallpaper and a custom glass stair railing. The owners retreat includes private outdoor access, ideal for enjoying sunrises over the marsh while sipping your morning coffee. The suite has been thoughtfully designed with Gucci wallpaper, custom draperies, a luxurious bathroom complete with dual vanities, a glass-enclosed shower, a soaking tub, and a walk-in custom closet. The second floor includes another bedroom, which features a custom closet with washer and dryer hookups, an ensuite bathroom, and a small landing area that currently serves as an office space. The ground floor is ideal for hosting guests, featuring a covered private patio that overlooks the water, a one-car garage, and a mudroom. Additionally, this level offers 676 SF of heated and cooled space, which is not counted in the total 2,775 SF currently utilized as a game room and laundry area. This home can be used as a short-term rental and is the perfect investment opportunity with the addition of the newly opened hotel and soon to come wedding venue. Kiawah River is an exclusive community with world-class amenities experiencing rapid growth. The Spring House serves as a waterfront amenity hub, featuring a number of pools and spas, stunning views of the marsh, bars, lounge spaces, and a fitness center.
